Dear Dr. Storer:-

I received the enclosed check this morning, and note that it is made to the order of the American Numismatic Association instead of The American Numismatic Society, and as there is an organization named the American Numismatic Association we can not of course endorse it.

Very truly yours,

December 2nd, 1914.

Dr. Malcolm Storer,  
302 Beacon Street,  
Boston, Mass.

My dear Dr. Storer:-

Your kind letter offering to loan us your naval medals for the meeting and exhibition next Monday evening, has just been received, and I can assure you it is appreciated.

As to the medals, in this particular instance by war medals we mean medals that were made to be worn as decorations by soldiers, sailors or others to whom such medals have been awarded, and we would be very glad indeed if you could let us have such naval medals of this character as you may have. The subject is an interesting one and a decidedly large one.

Thanking you very much, and with kind regards, believe me,

Very sincerely yours,

Secretary.

December 9th, 1914.

Dr. Malcolm Storer,  
302 Beacon Street,  
Boston, Mass.

My dear Dr. Storer:-

Please excuse the delay in acknowledging the receipt of the medals.. I was so busy getting ready for the meeting that I did not find time to write a letter. They came to hand all right, and we are very glad to put them on exhibition, and I am going to ask if you would have any objection in leaving them here until after the next meeting of the Society, which takes place on Saturday, December 19th, as we are planning to have a little more of the same subject at that time, and would be glad to leave the exhibitions just as they are.

I desire to thank you on behalf of the Society for your kindness in letting us have these medals..

With kind regards, I am,,

Very sincerely yours,,

Secretary..

Dear Dr. Storer:-

I hoped to have seen you at Boston on Tuesday or Wednesday when I was there, but unfortunately for me you were not at the Museum. On Sunday while at Newport I called on your father and told him that a volume which I have recently received that I feel sure would interest you. It is the "British Naval Medals" being part one of a deluxe edition of the "Catalogue of the Collection of the Marquess of Milford Haven". The copies for sale are limited to twenty-five. When you are in New York again I hope it will be convenient for you to visit our Library and examine it.

Very respectfully yours,

Secretary.

302 BEACON STREET

Dear Mr. Noe:

I was very sorry to miss you when you were here. I should very much like to have shown you our collection at the Mass. Historical Society which is really worth while. So you have received Milford Haven's magnum opus. I gave him much data for it. I must see whether Harvard has received the copy I asked them to order. I hope to meet you one of these days but I get to New York only seldom.

Sincerely,

Malcolm Stuer

Dear Dr. Storer:-

As you doubtless know, the number of our Fellows is limited to one hundred and fifty, and we can only promote our Associates to the class of Fellows when there is a death or resignation. Such a vacancy now exists, and I beg to enquire whether you would care to have me present your name to the Council as a Fellow. If you concur in this invitation, your name can be presented at the February meeting.

Very respectfully yours,

Secretary.

My dear Mr. Noe-

While I feel much flattered by your invitation to become a fellow of the American Numismatic Society I must ask whether Fellows have to pay a material increase in dues. These days society dues mount up very fast.

By the way- in March a work on the Numismatics of Massachusetts that I have been working over for some years goes to the press under the auspices of the Massachusetts Historical Society and I am looking forward to sending a copy to your library.

Very sincerely,

Malcolm Storer

Dear Dr. Storer:

In response to your letter of January 18th, the dues as a Fellow are \$15.00 as compared with \$5.00 as an Associate. The distinction is that the Fellows have a right to vote at the business meetings and are the owners of the Society and its property. They are limited to 150 in number and can be elected only as vacancies occur. This was my reason for my invitation for you to transfer from the one class to the other.

Thank you very much for the promised work on the Numismatics of Massachusetts; I shall look forward to seeing it.

Very respectfully yours,

Secretary

Dear Dr. Storer:

Under separate cover, I am sending you for the library of the Boston Numismatic Club, a copy of the Catalogue of the Exhibition of the United States and Colonial coins, held in our Museum in 1914. It is illustrated with 39 half-tone plates, depicting many of the Colonial issues as well as patterns and coins from 1794 onward. I should greatly appreciate it if you would see that this book reaches the Club.

You will note that this Exhibition lasted only a month, and as the delivery of the Catalogue was delayed it never received the attention it deserves, and did not reach those interested in this series unless they attended the Exhibition itself. Many of the pieces are historically important, and the price of One Dollar, for which the book sells, does not cover the cost of its preparation. I should be very glad if you would read this letter to the members of your Club and ascertain whether any of them desire copies.

I am also enclosing a list of other publications of The American Numismatic Society, in the hope that some of the books may be of interest to your members. Will you please post this list where the members could see it?

I should also appreciate it if you could inform me if the Boston Numismatic Club has a complete set of the American Journal in its library? If not, we are prepared to offer to complete your file at half-price, or, provided you do not require certain scarce numbers of Vols. 1 to VI, will go even further, and as long as our full files hold out, will complete your set at a maximum cost of Fifty Dollars.

These offers are made at this time in order to obtain funds for our library. The proceeds of these publications have been set aside for this purpose, and I shall greatly appreciate anything that you may be able to do in our library's behalf.

Very truly yours,

Librarian & Secretary

Dear Dr. Storer:-

We did mightily enjoy your visit yesterday, and Mr. Wood was very sorry to have missed you when I told him about your having been here.

Would you be willing to have me tell our Council of your intention to have your collection of Naval Medals come here ultimately? I feel sure it would have considerable pressure on some of the members of Council, and might induce a similar action on their part. It would not need to go beyond the meeting of Council, and your name need not be mentioned should you wish it kept unannounced. I do hope, however, that you will permit me to tell the Council of your generous purpose.

Very sincerely yours,

Secretary.

302 BEACON STREET

Boston, Mar 23 26

My dear Mr. Noe-

Yours of Jan 30th has followed me around the West Indies and finally reached me.

I have not the slightest objection to your mentioning to the Council my intention to leave to the A.N.S. my collection of ~~me~~ naval medals and numismatic material but I do not think my name had better be mentioned. I might drop dead tomorrow though I have no intention of doing so and I have a feeling that in a will I made some twenty years ago I left them to the Naval Historical Society. I now appreciate that was a mistake which I shall correct when I get around to making a new will-or adding a codicil.

I appreciated seeing you and Newell short though the glimpse was.

Sincerely

Malcolm Storer

Dear Sir:

At present there are a number of vacancies in the list of Fellows, and it has been suggested that you might care to become a Fellow of the American Numismatic Society. As you know, the title to the Museum and the collections of the Society is invested in the ( not more than ) 150 Fellows, and those within the past few years invited to become Fellows have been limited to individuals really interested in numismatics. The dues of a Fellow are \$15.00 annually.

If this suggestion receives your favorable consideration, I shall be very glad to present your name at the next meeting of the Council, early in February.

Very truly yours,

Secretary.

Dear Dr. Storer:

Thank you very much indeed for sending us a copy of your contribution to "Old Time New England". We cannot possibly keep up with all of such publications and consequently appreciate the more such forethought as you have shown. I have not had time to read the article, and I anticipate that it will provide some information I have been seeking along just this line. Thank you very much indeed.

Dear Dr. Storer:

Permit me to acknowledge with cordial thanks the receipt of the volume "Medicina in Nummis" which has just come to hand. It is, of course, a monument of your father's devotion to the connection of numismatics with his profession, but it is no less a splended memorial of your devotion to him and to this interest of his, which you shared. You have so carefully concealed the amount of effort which the printing of this volume has meant and only those who have had something to do with the printing of numismatic books will know how much your devotion has cost in time and thought. The volume is a handsome one and promises to have great usefulness. What makes it doubly admirable is that up to the date of its completion it affords a listing of medical medals which will probably never be superceded.

I count it a happy memory to have called upon your father in Newport a year or two before he died and the accuracy of his memory at his advanced age was particularly striking. Please accept my thanks on behalf of our library for this gift, which so conspicuously honors the memory of one who for so many years was one of our loyal members.

Very sincerely yours,
